

*Demonstrated expertise in
Ligand Binding Assays*

*Optimal Principal Investigator-to-
Science ratio*

*Dedicated Method
Development team*

Key Instrumentation

- MSD Sector 600
- Luminex Flex Map 3D
- Protein Simple Ella
- SpectraMax L
- Perkin Elmer ENVISION
- Hamilton STAR
- Andrew Alliance Robotics
- Consistent methods
- Critical Reagent characterization
- Pre-Validation of Methods
- Cloud-based Project Management Informatics
- Customized communication processes
