

# Cell Based Assays

## *Dedicated Cell Laboratory*

- Neutralizing Antibody Assays for Biologics
- Customized assay designs
- Stable Primary cell lines
- Custom cell line generation
- Ready to go cell assays

Cell Proliferation  
Apoptosis and Cell Death Assay  
ADCC & CDC Assays

Cell Signaling and Secretion  
Reporter Gene Assays

Master / Working Cell Bank generation  
Mycoplasma screening / mitigation

Statistically derived cut points  
Drug tolerance mitigation  
Specialized confirmatory assays
